June 2016

Dear Parents and Guardians:

PCS is pleased to offer a new, convenient online registration process using Skyward for the 2016-17 school year. This streamlined process replaces the registration for returning students that was held at the schools. Beginning July 1, you will be able to register your child(ren) from home. If you do not have a computer or access to a computer, the schools will be open beginning July 21. Each building will have the computer lab available for registration between the hours of 8:00 a.m. – 4:00 p.m. Two evenings, July 28 and August 1, from 5:00– 8:00 p.m. have also been scheduled to use the computers for registration. The online registration will not be available after August 1. New students will need to register at the schools. Students and parents are welcome anytime during the open school hours prior to the beginning of the school year to locate lockers, classrooms, etc.

Please be sure to register each student in your family. Health plans/ concerns will need to be discussed in person with the school nurse. The nurses will be available at the schools during the two evenings the buildings are open. Textbook rental statements will not be billed until September 6. If you need to set up a payment plan, please talk with the building bookkeeper. Transportation needs are addressed in the registration process.

At the bottom of this letter is your family username and password to access your Skyward account. We are pleased to offer this convenient, online registration. If you have any questions with the registration process, please contact the Administrative Center at 765-473-3081.

Sincerely,

Kenneth Hanson
Assistant Superintendent
